A GOOD RECOMMENDATION.

The Chicago Tribune says the disfranchisement of the entire population in States where the authority of the United States is defied and subverted by the priesthood, is recommended by Governor Murray and is favored by leading Gentiles. That would sweep away all political power of the priesthood, and the Territory could be run by the Federal Government, as the District of Columbia is managed, where the abolition of suffrage has been followed by the happiest results. When this had been done, other steps could be taken to break up the Commercial and Industrial monopoly which the priests are trying to build up, and to keep them within their legitimate function of the directing of the doctrinal life of their people, in that they could indulge to their hearts content in any vagaries or eccentricities that seemed good to them. This Mormon question must be met, and the sooner it is settled, the easier it will be.

EDITORIAL NOTES.

At a meeting of Irish citizens in Chicago, John F. Finerty, Representative in Congress, was requested to place before the State Department at Washington the fact that O'Donnel, the slayer of Carey, is an American citizen and entitled to proper defense by the United States. He at once communicated with Secretary Frelinghuysen and received a reply saying, "A copy of the letter with its enclosure will be communicated to our minister at London, who will be instructed to ascertain whether O'Donnel is a citizen of the United States, and if so to do what is necessary to secure his proper defense."

The Ohio elections was for State officers entire with the exception of Secretary of State, for members of the Legislature, and a vote on three constitutional amendments, as follows: Regulation and taxation of the liquor traffic, prohibition and for an intermediate count. An amendment to carry will have to receive a majority of all votes cast for Governor. The weather was fine in all parts of the State, and indications point to the largest vote ever polled in the State. Consequently returns will be slow coming in.

An Alarming Rumor.

SAN FRANCISCO, October 10. An alarming rumor is circulated that George F. Rogers, who arrived in this city from Massillon, who for a day remained here, had died in Piedmont, Alameda county, of yellow fever. It is also stated that Rogers was privately buried from the parlors of an undertaking firm in Oakland. The strange part of the rumor is that this man Rogers is supposed to be still on the lighter prepared for the remaining yellow fever patients. Dr. McAllister, the quarantine officer, being questioned on the subject, said there was but one patient on board the lighter under the care of the nurse. The doctor had no list of the arrivals by the Newbern, and the agent of the steamship line could not be found. Rumor says the nurse has been ashore, that she has no patient in her charge, and that the man who is still supposed to be aboard the quarantined lighter is the man who died in Piedmont and was buried from Oakland.

A jewelry store at Elm Claire, Wisconsin, was robbed last evening of \$4,000 worth of watches and jewelry. The thief at Clinton, Louisiana, was yesterday captured by the prisoners, bucked and gagged and his pistol taken from him, when the prisoners walked off.

Owing to the indignation of the people and press of Pensacola, relative to the yellow fever reports, the local physicians dare not report cases to the Board of Health, but claim there have been a dozen new cases in the city within the past week.

OHIO AND IOWA.

Latest Returns from the Political Contest.

CLEVELAND, October 10. Returns came slowly; indications are that Hoadley carries this county by a small majority. Rose, Republican, for Lieutenant-Governor by about 2,000; Whitbeck, Republican for County Treasurer, by about 2,000 to 1,500; probably one Democrat and one Republican Senator elected, and four Democrats and two Republican Representatives. The remainder of the Democratic ticket is probably elected except perhaps the County Auditor. The complete returns may change this some; the result is a surprise to both parties. The second amendment vote is not yet fully counted.

CLEVELAND, Ohio, October 10. The result of the election in the county is still in doubt, and the official count may be required to decide in some cases. The Republicans probably elect one Judge, and perhaps three of the six Representatives. The judges and clerks have been counting all night and forenoon. In several wards figures first reported are in some cases contradicted. The newspaper offices, and other centers of attraction, are thronged with anxious men, patiently waiting for the returns, which cannot yet be given.

COLUMBUS, October 10. No additional returns have been received here this morning, except private dispatches. The news which has been received, however, denies the claim that Hoadley is elected by 9,000 and the Legislature Democratic. Hoadley is running ahead and will have 4,000 majority. The Republican Committee think Hoadley's majority will be from 3,000 to 4,000, and that Rose will be elected. Foster thinks Hoadley's chances are the best, but does not abandon hope of either the Governor or the Legislature. News from Cleveland indicates that Hoadley will have a small majority in the county, and the Legislative ticket, four Democrats and two Republicans.

CINCINNATI, October 10. Richard Smith, of the Gazette does not regard Foraker as defeated. At previous elections, the news of Democratic success in the election of Governor had been heralded by the Democratic papers the morning after the election, and conceded by Republicans, yet later returns wholly changed the aspect of affairs. He regards the precincts not yet heard from as likely to produce greater Republican gains. Foraker lost votes from both parties on the account of his temperance. He thought also that the wool and wine growers opposed him.

CINCINNATI, October 10. The best estimate on Hamilton county from additional returns received this morning, gave Hoadley a majority of from 1,500 to 2,500, with the Legislature and county ticket, either divided or Democrats defeated. The returns from 73 out of 103 precincts may be changed either way, by subsequent returns. As near as can be estimated, the majority against the second amendment will exceed 40,000. A Times-Star special from Madison county gives 2,000 majority for Foraker. Mahoning county, shows a Republican gain of 225.

DES MOINES, Iowa, October 10. Returns received by the State Register, up to 10 o'clock, increases the Republican majority in the legislature. From reports and summaries made at 5 o'clock this morning, 18 of 29 Senators elected are Republicans, and definite returns give 51 Republican members of the House elected, to 29 Democrats. Of the 20 unreported the Republicans will probably elect 15. The House stands 64 Republicans to 46 Democrats. Of the 11 others the new Senators will probably stand six Republicans and five Democrats. The Republican majority on a joint ballot will be between 45 and 50. State returns indicate the election of Stiles, Republican to Congress.

TOLEDO, O., October 10. Twenty-nine precincts in Lucas county show a Democratic gain of 5,812. The Democratic majority in the county will range from 100 to 180. Hoadley's estimated majority is 1,700. The Democratic Judiciary ticket is probably elected by about 2,000.

DES MOINES, Iowa, October 10. General Sherman will have 30,000 over Kinne and probably from 1,200 to 1,500 over all. Judge Reed nearly the same. The legislature will be Republican in joint ballot by at least 40. The House is close, but the Republicans have eight or ten majority. In the Sixth Congressional District the indications are favorable to Stiles, Republican. Prohibition is probably assured.

CHICAGO, October 10. The chairman of the Iowa State Central Committee telegraphs the Associated Press this morning from Des Moines as follows: Returns come in slowly; large Democratic gains in the interior; the State is doubtful; the Republicans will not have to ex-

ceed 5,000 plurality. The Democrats and Greenbackers will have a majority in the lower House. Prohibition is entirely defeated.

All Records Broken.

CHICAGO, October 9th. The great event of the day at the Chicago Driving Park was the beating of all previous trotting and pacing record by the young pacer, Johnson Deven by Peter V. Johnston. The horse got a warming up in 2:22 1/2, and on the second trial paced without a break or a skip in exactly 2:10, thereby making the best harness record ever known. The animal made a fine start, and covered the first quarter in 0:33 1/2 without a skip and passed the half mile in 1:03 1/2. The three-quarter pole was reached in 1:16, and his driver then, as though knowing how close he was upon the best time made by Sleepy Tom and Maud S., touched the young animal with the whip. The effect was noticeable to the observant watcher. While the pace was showing an accelerated movement, he retained remarkable steadiness and passed under the wire moving evenly as a locomotive. Horsemen claimed for him 2:05 1/2, which was the time one of the judges credited him with, but the e figures were scored against him to make sure.

A Mixed Affair.

NEW YORK, October 10. Last week, Mrs. Roderick Cherill, whose stage name is Miss Augusta Roch, had her little daughter stolen from her by her husband, Roderick Cherill. She received a letter from a man called Roland Barrett, hinting that on her complying with certain conditions all would come right in the end, and that the child Rosie was outside the jurisdiction of the State. Mrs. Cherill had got out a writ of habeas corpus, commanding her husband to produce the child in court, and another writ was served on Barrett. He appeared in court and stated that he knew nothing of the child. To-day Cherill was served with a suit for a limited divorce by his wife; and she was summoned in a suit for absolute divorce by Cherill. Dr. Jennings was arrested to-day upon an order of arrest in the suit brought by Cherill to recover \$20,000 for alienating his wife's affections. Dr. Jennings was required to give \$5,000 bail, and later the Court vacated the order of arrest on technical grounds.

Divided the Coin.

CHICAGO, October 9. The general passenger and ticket agents of roads running west and north-west from Chicago, was held here to take action regarding rates and divisions of the Pacific coast through business. The following was adopted: Resolved, That California rates shall be apportioned on an agreed method of making divisions now in force in apportioning through rates, viz: when rates are based on locals, each line in interest shall receive its local. When rates are less than the sum of locals, pro rates based on short line mileages shall prevail. No line east of the Missouri river or St. Paul shall receive in any case more than its local, nor shall such line accept less rate per mile on its short haul than it is entitled to receive on its long haul. It was also decided that this was the ultimatum, and that no other concessions would be made to the Pacific roads. The meeting then adjourned to meet with the Pacific coast lines at Kansas City, October 16.

THE BAPTIST ON TEMPERANCE. MINNEAPOLIS, October 10. The fifth day of the Free Will Baptists' General Conference. The report of the committee on temperance was taken up; the report set forth that as the manufacture and sale of intoxicating liquors were increasing, it is the duty of the conference to further the interest of prohibition; that they heartily endorse the action taken by President Hayes, and see with growing alarm the use of intoxicants by President Arthur; that the use of tobacco and opium in any form, be prohibited, and recommend that any minister who indulges in it be refused ordination. That the physiological influence of intoxicants, tobacco and opium, be taught in schools and colleges. A motion was made to strike out of the resolution, President Arthur, but after much debate it was lost, and the report accepted.

ARREST OF COUNTERFEITERS. DENVER, October 10. Yesterday afternoon M. D. Vanhorn, of the United States Secret Service, arrested Willis W. Long and George Summers alias George Bates, while in the act of casting counterfeit silver dollars. Long is in the commission business here in a small way, and is well known in Concordia, Kansas City and Northwestern Kansas. He has a brother, B. H. Long, in the commission business in Kansas City. Summers was formerly from Missouri, and was sometimes employed as a laborer on a ranch near this city, where the most of the spurious coin has been made.

"I wish to express my appreciation of the valuable qualities of

Ayer's Cherry Pectoral

as a cough remedy.

"While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases.

J. W. WHITLEY."

Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.

The man or woman is hard to please who cannot find a stove or range at Knowles & Balubridges' to suit; for they keep all the latest and best patterns of every kind known to the trade.

A man must be a confirmed vagrant who will go hungry when by the outlay of 12 cents at J. J. Beckers' he can get a good meal and as much beer as any one ought to drink at any one time.

In buying any kind of meats it is always the safest to patronize a shop whose cutter has a small hand, like Frank Poiard's, for if he should happen to weigh one of his flippers, it wouldn't add much to the weight of your purchase.

All who can appreciate a nice, clean shave should not allow this evening to pass without calling on Johnny Bels; for the girls whose beaux are shaved at that shop all agree that he can put a little smoother cheek on a young fellow than any other barber in town, and they say his perfumes are "just lovely."

A MYSTERIOUS ATTACK.

A Comstock Mine Foreman Brutally Assaulted.

The Virginia Chronicle of the 9th inst. says: Last Saturday evening, as J. M. Quimble, foreman of the Delaware mine, on American Flat, beyond the Scales, was sitting alone in the works, attending to the engine, a stranger entered, approached Mr. Quimble and demanded why he had kept him out of work. Quimble replied that he was not aware of having kept the man out of any work, when two other men came in, one holding a pistol in his hand. The latter said to the first, "Don't have any funny business—hit the ———." Then Mr. Quimble says he was suddenly struck on the back of the head, after which he recoiled nothing. Mr. Higgins, the Superintendent, and three miners employed in the tunnel, came in while they were striking the prostrate man, whereupon they desisted and left the building. The men being unarmed were afraid to attempt to arrest them.

Mr. Quimble says he knows of no motive for the attack except the possible belief that on that evening he was the custodian of money wherewith to pay off the workingmen. He recognized the faces of two of his assailants and will swear out warrants against them.

Went for His Stomach. In Bodie, when a young girl wants to dash a young man, she makes a dead set at his stomach instead of his heart. A belle of that place recently sent to her adored a roast chicken stuffed with fried oysters, and because the young fellow didn't "catch on," the Free Press calls him an idiot.

Soldiers Moving.

Fifty-four men of Company I, First United States Cavalry, Captain Carr, on the way from Fort Hallock to the Presidio, passed west this morning.

A POOR POLICY.

A Good Way to Rob Men of Their Self-Respect and Lose Their Best Work.

Speaking of the b. d. habit the Union Pacific road has fallen into, the Omaha Bee says: The wholesale discharge of the conductors on the U. P. has caused a great deal of feeling among other employees on the road. There may have been some dishonest conductors but there are more rogues among the spotters than among the ticket takers. In fact there would have to be spotters to spot the spotters to keep them from pocketing money that they pretend to pay to conductors. To discharge worthy men, on the mere report of hiring sneaks, is to put an undeserved stigma upon their families. "Why don't they let out some of the bosses in U. P. headquarters, who have been getting rich out of all sorts of jobs along the road?" said a man who had been very high up in the U. P. road. "There are five men up there who pocket more every month than the whole army of conductors do in a year; but the spotters don't trouble them very much. Some day some of these honest and faithful servants will retire with a fortune, and their families will point with pride to their remarkable business success."

Governor Adams Did not Call on the Farmer.

The White Pine News of the 6th inst. says: When Governor Adams was over this way a few weeks ago looking after his herds, he intimated to several of our people his intention of paying a visit to Farmer Burke at Shelbourne. But we have since learned that business arrangements prevented the Governor from calling on his late defeated Lieutenant. This is to be regretted, as the Farmer has some rare curiosities, or relics, of the late election, in the shape of "Regular Democratic Tickets" used at Carson and Eureka with the Farmer's name omitted, and his Republican opponent's printed instead. But, no matter, they'll keep, and the Governor and Congressman Cassidy may yet have a chance to examine these relics at a time when they may be in the humor to tolerantly inspect them than now. The Farmer has raised a big crop this year and is out of politics; but oh, if he is human—and we think he is—what pleasure it must give him to meditate on "sweet revenge" in the bye-and-bye.

A Hoosier's Invention.

John Mackay tells of a light which he saw recently in New York, which is produced entirely by chemical electricity. The discoverer is an Indian 65 years of age who wears the garb, and has the appearance of a granger, who has been experimenting with his new light for twenty years. A light which is said to equal in brilliancy any of the big arcs, is obtained by three jars of chemicals, and after having burned for several weeks the materials were weighed showing but a small loss. The inventor claims that his light will take the place of all others, on account of its cheapness, the actual cost not exceeding ten cents a month. The New York electricians, although unable to detect anything about it different from what the inventor claims, pretend to regard the exhibition as a shrewd trick of the old man.

From the North.

Since the doctors and lawyers left Reno for Susanville, this town has been unusually healthy and the community never was so peaceably disposed as now. While Reno is enjoying these great blessings, the Renoites at "Susan town" are sorely afflicted. W. F. Berry returned from that place last evening "all broke up." He has a very severe cold and was glad to get away from that unhealthy and quarrelsome region. Mr. Berry says the Evans case will most likely occupy the balance of this week. He says it is being vigorously and bitterly contested by both sides.

Pyramid Mine.

From W. R. Chamberlin, who came in from Pyramid last evening, it is learned that the work in the tunnel is progressing satisfactorily. During the past week some delay was occasioned by caving or "slipping in" of the rock, but all has been secured by timbering, and they expect to tap the ledge within a week.

Will Reno Follow Suit.

The curfew is to be tolled in Carson so that after 9 o'clock P. M., the boys under 18 must be at home. All on the streets after that hour will be arrested. District Attorney Torreyson is preparing the ordinance to that effect.

PERSONAL.

Ex-Governor Kinkaid is in town. Sheriff Emmitt left for Quincy to-day.

Mrs. Gardner and her sister, Mrs. Griffith of Oakland, are visiting Wadsworth.

D. M. Gloster, the farming implement man, is in town. He reports having done a splendid business this year.

Senator H. L. Danberg, of Douglas county, was in town this morning looking for sheep for his Carson valley ranch.

Jasper Babcock, ex-Secretary of State, has been appointed agent for an Eastern book publishing house, for California.

Mrs. M. F. Levy of Quincy, daughter of I. Frederick the jeweler, arrived last evening on a visit to her people here.

E. Chenoweth, Supt. of Instruction for Humboldt, went to Dayton as a delegate to the Grand Lodge of Good Templars.

S. H. Van Pragg, traveling agent of the C. B. & Q., and the Hannibal & St. Joe railroads called at the GAZETTE office to-day.

Sam Laffin, who has been employed at the C. P. freight depot in Reno, for the last twelve years, left this morning on a visit to his old home in Elmira, New York.

J. F. Altlin, Mrs. W. D. Wagar Miss Eva Barnes and P. H. Mulvihy left this morning to attend the Grand Lodge of I. O. G. T., which convened at Dayton this morning.

Since the doctors and lawyers left Reno for Susanville, this town has been unusually healthy and the community never was so peaceably disposed as now. While Reno is enjoying these great blessings, the Renoites at "Susan town" are sorely afflicted. W. F. Berry returned from that place last evening "all broke up." He has a very severe cold and was glad to get away from that unhealthy and quarrelsome region. Mr. Berry says the Evans case will most likely occupy the balance of this week. He says it is being vigorously and bitterly contested by both sides.

Pyramid Mine.

From W. R. Chamberlin, who came in from Pyramid last evening, it is learned that the work in the tunnel is progressing satisfactorily. During the past week some delay was occasioned by caving or "slipping in" of the rock, but all has been secured by timbering, and they expect to tap the ledge within a week.

Will Reno Follow Suit.

The curfew is to be tolled in Carson so that after 9 o'clock P. M., the boys under 18 must be at home. All on the streets after that hour will be arrested. District Attorney Torreyson is preparing the ordinance to that effect.

CENTRAL NEVADA.
What is Transpiring Along the Line of the Humboldt.
The Silver State of the 9th inst. says:

The Grand Jury made a partial report, and presented an indictment against J. M. Flowers for assault with intent to kill; also, against William Staply, Maurice Brannock and Frank Gitz for grand larceny.

The trial of a number of persons from the northern part of Lander county, for cattle stealing is occupying the time of the District Court at Austin. One we believe, plead guilty, another was convicted, and a third, William Panka, who drove stage for Hill Beachy in this county, was acquitted last evening.

Cattle men say they have to commence feeding cattle or they will lose beef. The cold weather is telling on them, and instead of gaining flesh they lose it unless they are fed hay. However, the hay crop was good this year, and as beef is high and hay low and plenty, stock men can afford to feed their herds.

Grant County Oregon which joins this county on the north, is infested with cut-throats and horse thieves. The Canyon City News says no less than five persons have been shot dead in the county within six months, and at least two of these were cold-blooded, mysterious murders whose perpetrators are unknown at this writing and which appear to have been without an object save that of robbery. In either case the value of the property obtained will not exceed \$100 and it seems almost incredible that any one could be so depraved as to deliberately take the life of a fellow being for so small a sum. People may well pause and ask one another, Who is now safe?

Bodie's Bullion Product.

The Bodie district has so far produced nearly \$15,000,000 in gold and silver, the dividend declared on this production amounting to \$5,685,000 in six years. The Standard Mining Company has declared a monthly dividend for 28 continuous months and never asked for a single dollar of assessments, while the Bodie has paid \$1,250,000, and the Bulwer \$165,000 in dividends in the same period.

A Probable Sale.

Captain Merrill and Senator P. N. Marker are bargaining their Eagle Lake tunneling and land reclamation scheme to an English company, who have recently examined the situation and express themselves as well pleased with the property. The transfer will probably take place at an early day.

Leroy Found Guilty.

The case of Leroy, on trial for the murder of Nicholas Skeritt, in San Francisco, was given to the jury Tuesday afternoon, who returned a verdict of murder in the first degree, after being out but eight minutes.

Sixty-One Quail.

John F. Myers and Deputy Sheriff McInnis returned from a quail hunt to Pyramid last evening. Sixty one quail don't amount to much in a large family. No, I ask you, never eat them in October.

A Sudden Death.

Edward Maguire, for 23 years a resident of Virginia, died suddenly in that city yesterday morning from the bursting of a blood-vessel during a fit of coughing. The deceased leaves a wife and a family of children.

A Reminder.

The most severe shock of an earthquake for years was experienced at San Francisco at 1 o'clock this morning. The motion was vertical.

Why are you ill? Why do you suffer? Everybody knows all aches and pains, all lameness and debility are cured by Brown's Iron Bitters.

A New Iron Bridge.

Mr. Briggs, foreman of masonry on the C. P., has gone to Verdi to figure on a new iron bridge in place of the one burned.

Kansas Cattle Market.

Dodge City (Kansas) Globe September 28d: The following were the selling prices on through cattle on this market yesterday: Ones, \$16 to \$17.50; twos, \$19 to \$20.50; threes and beeves, \$23. There are less than 1,200 head of through cattle left for sale on this market. G. W. West & Co., on last Wednesday started for Ogalla, Nebraska, with 8,000 head of one and two year old steer cattle. They sold about 3,000 head on this market, which were taken by York, Parker & Draper, yesterday on the way to his ranch. Sol. West, the manager, who has been here for nearly a month, will depart for the North in a few days.

A Sheep Sale.

G. W. Church sold to Henry Wilks yesterday, 300 head of sheep for \$2 35 per head, and 11 backs at \$12 per head.
